About this Series

In 2020, SIArb launched its Beyond Arbitration lecture series with the objective of offering its diverse membership access to eminent speakers and thought leaders who would address subjects or current issues that extend beyond arbitration yet will resonate with our members and friends of the institute.

About this Lecture

The lecture will deal with the roles of principles, law and international organisations (collectively 'values') in diplomacy and foreign policy, drawing on historical and contemporary examples such as the Balkan wars of 1990s, Rwandan genocide, Ukraine, and Myanmar.
